**Balss asistenti**

# Tiešsaistes tāfele Twiddla

**Apraksts** - <http://fs-it.blogspot.com/2012/09/frontalie-demostrejumi-ar-twiddla.html>

**Vai lietojat frontālos demonstrējumus datortīklā?**

**Kādos gadījumos?**

- Klasē nav projektora
- Skolēni (kursanti) neatrodas konkrētajā telpā
- Var piekļūt internetam ar portatīvo datoru, planšetdatoru, viedtālruni vai kādu citu mobilo ierīci

**Risinājums** - lietot konferenču un sadarbības rīkus!

Piemēram - ar tiešsaistes servisu [Twiddla.com](http://Twiddla.com).

# Tiešsaistes tāfele Twiddla

## Iespējas:

- tāfeles režīms, t.sk. prezentācijas (*projektora*) režīms;
  - darbs ar tīmekļa lapām;
  - teksta vienlaicīgās rediģēšanas redaktors *EtherPad*;
  - darbs ar attēliem;
  - zīmēšanas rīki;
  - dzēšgumija un opcija dzēst visu;
  - iespējams izmantot dažādas formas (zīmēt, ievietot tajās teksta komentārus);
  - var lietot čata iespējas;
  - iespējams aktivizēt arī skaņas režīmu un komentēt balsī, sarunāties;
  - var izmantot ielūgumu sistēmu.
-

# Tiešsaistes tāfele Twiddla

- prezentāciju un sadarbības režīms;
  - tiešsaistes demonstrācijas (projektorā režīms);
  - darbs bezpapīra tehnoloģiju variantā:
    - katram sava tāfele (ar savu ID), skolot. - saites);
    - iespēja strādāt uz planšetes ekrāna kā uz papīra (raksta, saglabā, nokopē rakstīto, nosūta skolotājam vai skolotājs pieslēdzas un pats saglabā, nokopējot no sava datora)
- Jānis - tāfele1 (saite uz Jāņa tāfeli)
- Ieva - tāfele2 (saite uz Ievas tāfeli)

# Nearpod - bibliotēka!

The screenshot shows the Nearpod web interface. At the top, there is a navigation bar with icons for 'My presentations', 'My Reports', and the 'nearpod' logo. On the right, there is an 'Upgrade for Free!' button and a user profile for 'Frīdis Sarcevičs Silver User'. Below the navigation bar, there are language options: 'Español', 'Português', and 'English'. A large green banner advertises 'NEW material from Jennifer Nichols! LITERACY GRADE 2-3' with a 'Common Core Aligned' badge. The main section is titled 'MY PRESENTATIONS' and includes a search bar and an 'Order: My order' dropdown. Below this is a toolbar with buttons for '+ New Presentation', 'Publish', 'Preview', and 'More'. A 'Published' badge is visible on the left. A large thought bubble points to the '+ New Presentation' button with the text 'Izveidot jaunu materiālu!'. At the bottom, there is a large text prompt: 'DRAG YOUR FILES HERE TO START YOUR PRESENTATION!' with icons for PPT, audio, images, video, and PDF.

# Nearpod - PIN tiešsaistes sesijām!

The image shows a browser window displaying a Nearpod session. The browser's address bar shows the URL [html.nearpod.com/#/command](http://html.nearpod.com/#/command). The page header includes the Nearpod logo and a 'Pin QACID' indicator. A yellow callout bubble with the text 'Share => PIN' has a red arrow pointing to a sharing dialog box. The dialog box contains the text 'Share this PIN with your audience to allow them to join this session' and a large PIN 'RSMAQ'. Below the PIN are four sharing options: 'email' (with an envelope icon), 'twitter' (with a bird icon), 'google' (with a 'g+' icon), and 'facebook' (with an 'f' icon). A 'Close' button is located at the bottom right of the dialog. In the background, a presentation slide is visible with the word 'levadierīces' and a list of items: 'Skeneris, pele, tastatūra, mikrofons, gaismas zīmulis u.c.'

Pixel - In digital imaging, a pixel, pel, [1] or picture element [2] is a physical point in a raster image, or the smallest addressable element in an all points addressable display device; so it is the smallest controllable element of a picture represented on the screen.

Each pixel is a sample of an original image; more samples typically provide more accurate representations of the original. The intensity of each pixel is variable. In color image systems, a color is typically represented by three or four component intensities such as red, green, and blue, or cyan, magenta, yellow, and black.

In some contexts (such as descriptions of camera sensors), the term *pixel* is used to refer to a single scalar element of a multi-component representation (more precisely called a *photosite* in the camera sensor context, although the neologism *sensel* is sometimes used to describe the elements of a digital camera's sensor), [3] while in others the term may refer to the entire set of such component intensities for a spatial position. In color systems that use chroma subsampling, the multi-component concept of a pixel can become difficult to apply, since the intensity measures for the different color components correspond to different spatial areas in such a representation.

# Piezīmes (Notes)

The image shows a screenshot of a website titled "examtime<sup>beta</sup>". The page has a dark header with navigation links: "Edit", "Share", "Email", "Favourite", and "Print". A red "New Page" button is visible in the top left. The main content area features a video player with the title "eLearning (E-learning) and SCORM Simplified". The video player interface includes a play button, a progress bar showing "0:00 / 19:46", and a "YouTube" logo. To the right of the video player is a sidebar with a "SCIE LEARNING" banner and a list of educational resources such as "All About Me", "Space", "Animal Tracks", "Pumpkin", and "Water Wonders". A yellow thought bubble with the text "Rediģēt!" is positioned over the top left of the page content. The text "What is SCORM" is partially visible at the top left of the main content area.

Rediģēt!

What is SCORM

SCORM is a set of technical standards for e-learning software products. SCORM tells programmers how to write their code so that it can “play well” with other e-learning software. It is the de facto industry standard for e-learning interoperability. Specifically, SCORM governs how online learning content and Learning Management Systems (LMSs) communicate with each other. SCORM does *not* speak to instructional design or any other pedagogical concern, it is purely a technical standard.

The screenshot displays the OfficeSuite mobile application interface. At the top, there is a green navigation bar with tabs for FILE, HOME, INSERT, FORMAT, FORMULAS, VIEW, and REVIEW. Below this is a ribbon with various icons for text formatting (bold, italic, underline, strikethrough), alignment, and editing (paste, copy, format painter, wrap text, merge cells). The formula bar shows the active cell formula: `= 'Monthly Expenses'!D16`.

The main content area is divided into two sections. On the left, there is a 'Budget Overview' section with a green header. It includes a 'Balance' table and an 'Income' table. On the right, there is a 'Total' section featuring a pie chart and a legend.

Below the menu is a toolbar with icons for Cell, Chart, Picture, Shape, TextBox, Hyperlink, Comment, Function, and Pivot Table. The main area shows a spreadsheet titled "BigScore Entertainment 2Q-3Q Marketing Program Budget". The spreadsheet has columns for months (Apr-14, May-14, Jun-14, Jul-14, Aug-14, Sep-14) and a Total column. The data is organized into sections: Market Research, Communications, and Other. To the right of the spreadsheet, there are two charts: a pie chart and a bar chart. The pie chart shows a distribution of values, and the bar chart shows a trend over time. At the bottom, there is a navigation bar with a green button labeled "Marketing Budget Plan" and a plus sign icon. The bottom-most part of the screen shows the Android navigation bar with back, home, and recent apps icons.

## The Giant Panda

The giant panda, which lives only in China outside of captivity, has captured the hearts of people of all ages across the globe. From their furry black and white body to their shy and docile nature, they are considered one of the most loved animals.

**Quick Fact** The estimated number of giant pandas in the wild varies between 1,500 and 3,000.

## Intriguing Giant Panda Mysteries

While most adore their fluffy fur and round head, which help give them their cuddly bear quality, others are fascinated by the many mysteries of the giant panda. Did you know that a giant panda may

# Skolotājiem - QR kodu ģeneratori

QR kodu ģenerēšana - interesanta un lietderīga iespēja!

The screenshot shows the website 'the-qrcode-generator.com'. The browser address bar displays the URL. The navigation menu includes 'QR Code Generator', 'Sign In', 'Generate', 'Scan', 'What's a QR Code?', and 'PDF Mergy'. The 'Generate' tab is active. On the left, under 'TYPE', 'Free Text' is selected. The input field contains the URL 'http://www.twiddla.com/1600580'. Below it is a 'Shorten URL' button. On the right, the 'Static QR Code' section shows a generated QR code with 'Save', 'Share', and 'Options' buttons. A partially visible text at the bottom right reads: 't has been printed? Or do you need statistics? Sign In e.'
